⚠ WARNING	⚠ CAUTION
⌃ Disconnect or turn off power before installation, maintenance or service.	⌃ Keep combustible and other materials that can burn, away from lamp/lens.
⌃ Allow lamp/fixture to cool before handling.	⌃ Do not operate in close proximity to persons, combustible materials or substances affected by heat or dying.
⌃ Do not touch enclosure or light source.	
⌃ Verify that supply voltage is correct by comparing it with the luminaire label information.	⌃ Wear gloves and safety glasses at all times when removing luminaire from carton, installing, servicing or performing maintenance.
	⌃ Avoid direct eye exposure to the light source when it is on.

TIP: Failure to follow any of these instructions would void product warranties.

Note : Any accessories shown in the drawing, which is not part of supply quotations are excluded.
