

# RIDGE SERIES A

## RDG A

Mono IP20 CE

YYZ Ridge series are extruded aluminium trimless profile systems with a seamless design offering consistent solutions with aesthetical prominence in hospitality, residential and commercial applications. The profiles can run across walls and ceilings creating three-dimensional continuous lines of light with a minimalistic look. The deeply recessed 230 V track ensures that the driver housings of the lights are unobtrusively hidden in the channel.
