

# INFINITY

## IFN

YYZ Infinity is a robust moving head equipped with 260W laser light source emitting a powerful beam of light through a 230mm super large light-emitting lens. High efficiency optics aids in delivering 1° extremely narrow sharp edged beam with beam diameter of just 0.87 meters at a distance of 50 meters. Application areas include urban landscape, cultural tourism lighting, concerts, theme parks and other places. Prominence of the beam is nearly 3 kilometers from the installation point.

### FEATURES

PERFORMANCE	83500Lux at 50 meter distance
FINISH	Black, White
WORKING VOLTAGE	100-240V, 50/60Hz
LAMP POWER	260W Laser light
BEAM ANGLE	1°
MOUNTING	Surface mounted
CONNECTION	Outdoor rated connections
LAMP LIFE	LM70 12,000 hours
DIMENSIONS	366x520mm
OPERATION TEMP	-20° C - +50° C
GOBO	Static gobo wheel (29 gobos+white)
CTO	3000K-8000K motorized CTO

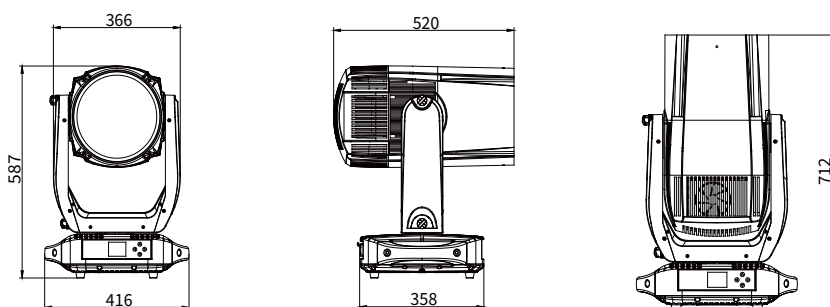

**V** 240 VOLTS  
Working Voltage

**W** 380 W  
Rated power

### ELECTRICAL DATA

POWER CONSUMPTION	380W
COLORS	19 color + white, rainbow-flow effect
PRISM	One 8 + 24 prism, bidirectional rotating, speed can be adjustable
CONTROL	Dimming, DMX512
CONTROL CHANNELS	STANDARD / 16CHS, BASIC/12CHS, EXTEND/18CHS
FOCUS	Motorized linear focus

### DIMENSIONS

### ORDERING LOGIC

PRODUCT	WATTAGE	VOLTAGE	FINISH
IFN	380 - 380W	AC - 240VAC	WH - White BK - Black

Sample: IFN - 380 - AC - WH
