

# WINDOW SILL LIGHT

## WSL-RGBW

The Windowsill Light is an innovative LED luminaire designed for wall and ceiling mounting, featuring a distinctive 3° x 180° blade effect optic. Engineered to accentuate window reveals, it directs LED light from opposing sides through specially developed reflectors, resulting in a uniform arc of light that can illuminate an entire window reveal with a single luminaire. Meticulously crafted, our Windowsill light showcases a sleek, minimalist design that seamlessly harmonizes with any décor. Emitting a gentle, welcoming glow, it turns regular windows into captivating focal points, fostering relaxation and elevating the aesthetic charm of your environment.
